BIG SKATING CARNIVAL ON FRIDAY EVENING--SECOND PLATOON BEING RAISED

CAMPAIGN TO BE STARTED FOR RECRUITS

Arrangements have now been completed for the recruiting campaign to be conducted by the 151st and rallies will be held as follows: Ryley, Feb. 7th; Holden, Feb. 8th; Bruce, Feb. 9th; Viking, Feb. 10th and Irma on Feb. 11th. At each point visited, a patriotic entertainment will be given, a section of the band being in attendance. Lieut. C. R. Biederman will also be in attendance and will make a call for men.

MEETING CALLED TO ELECT OFFICERS RELIEF COMMITTEE

For the purpose of appointing committees, a meeting of the Wainwright branch of the Returned Soldiers' Bureau will be held in the council chamber on Friday evening at 8 o'clock. Committees needed will be those for receiving the returned men and for the dispensation of relief after their arrival. The meeting will open at 8 o'clock sharp and all interested are invited to be in attendance.

The postponed card party to be held under the auspices of the B. O. church will be held in the theatre on Monday evening, Feb. 21st.

J. Allen, formerly employed at the local roundhouse, Wm. Preston of Irma and G. J. Smith of Chauvin are among the latest recruits to the ranks of the 151st Battalion.

RAILWAY THANKED FOR AID RENDERED AT RECENT FIRE

At last night's meeting of the town council, a vote was passed thanking the Grand Trunk Pacific railway for its co-operation in the endeavor to put out the fire that destroyed the mill. It will be remembered that the railway system did all within its power to supply water to fight the flames. Apart from this resolution, very little business was transacted at the meeting. As is usual, payment was authorized for various accounts.

SEND COPY OF STAR TO BOYS IN TRENCHES

"Receiving The Star is like getting a letter from home," writes Wm. Fell of Wainwright who is now visiting friends in Ontario. If such is the case, how much more welcome must be a paper to boys in England and France? Local residents may show their appreciation of the work of local boys in the battle area, by sending a Star to them weekly. For 50 cents the paper will be sent for six months, wrapped and mailed by the Star circulation department. Show your appreciation now.

Miss A. J. Taylor of Edgerton is visiting her sister Mrs. H. J. Carbert.

MUCH INTEREST BEING TAKEN IN COMING SKATING CARNIVAL; MANY COMPETITORS EXPECTED FOR VARIOUS PRIZES OFFERED

BIG CHANGE HAS TAKEN PLACE SINCE BEGINNING OF RECRUITING OF 151ST BATT.

(CONTRIBUTED)

When we come to look back over the work of recruiting men in Wainwright during the past month we can readily see that a wonderful change has taken place in the town. Recruiting really started earnestly on January 3rd, and since that date the Wainwright district has contributed close to one hundred men in the band and platoon and if one could see these men at work in the drill hall they would be convinced that these same men are a credit to the town and district and are worthy of representing the same.

The men as a whole are of an excellent class and behave themselves as gentlemen when on and off parade. So far we have men volunteered from various stations in life and from different parts of our district. There are over fifty men now in the band and platoon from Wainwright alone, while the other half is made up of about sixteen Chauvin men, seven from Edgerton, six from Irma, four from Kinsella and other bandmen recruited from Watrous, Edmonton, Camrose and Vegreville. A large number of these men are strangers to us but they are always warmly welcomed and treated as brothers by the local boys.

Lieut. C. R. Biederman is going to start a great recruiting campaign next week to raise more men for the platoons here, and with the help of Band Sergt. H. C. King it is intended to have recruiting meetings at each town along the line aided by a musical program from the members of the band.

So February, like the previous month is going to be one long series of patriotic rallies for recruiting purposes, where every man available will be enrolled who feels it his duty to go and serve his country in her hour of need. All men are welcomed by every member of band and platoon and there is not one man enlisted now in Wainwright who is not seen smiling because he knows he is "doing his bit."

FARMERS TO MEET

The United Farmers of Alberta, Wainwright Local 200 will hold its monthly meeting on Saturday in S. Bowerman's Hall. The business will be announced at 2.30 o'clock and requires the presence of every farmer in the district.

The skating carnival will commence at 7.30 o'clock and not at 7 o'clock as was announced in the posters.

Mrs. Garow of Nepawa, Man., is visiting her son, Mr. J. L. Garow. She will remain here for a few weeks.

New Treasurer Patriotic Fund

P. C. Haynes having taken over the duties as treasurer of the Patriotic Fund of the Wainwright constituency, all donations for the fund should be addressed to Mr. Haynes, Union Bank of Canada, Wainwright.

The Star is in need of a good boy to learn the printing business. Any lad in search of a position that offers opportunities, should make application at the earliest opportunity.

If talk on the street can be taken as any criterion, the fancy dress carnival to be held at the rink on Friday evening of this week will be better patronized than any of the similar events held in previous years. All the young people seem to be making preparations for the function and thus a galaxy of colors and costumes may be expected. Circulars in regard to the event have been posted in many centres throughout the district with the idea of bringing the affair to the attention of all residents within a fifty mile radius of Wainwright.

The program is a good one and includes the following events: best costume, lady and gentleman; best original character, lady; best comic costume, open competition; best exhibition of fancy skating, open; best dressed child under 12 years; best dressed boy and girl; best original costume, girl; best original costume, boy; masquerade skating from 7 until 9 o'clock.

A full brass band will be in attendance and refreshments will be served by Daughters of the Empire. The general public will be allowed to skate following the judging. As to whom the judges will be has not yet been decided.

REAL PAL'S BATTALION

But few towns of Wainwright size can claim having given father and sons of a family to the cause but in the band and platoon of the 151st battalion in Wainwright, two such instances are on record. The first is that of Band Sergt. H. C. King. The other is that of Pte. James Wild whose son, Arthur, enlisted this morning. Pte. Wild has another son who is expected to become a member of 151st within a week or so.

BAND AND PLATOON CURL; MUSICIANS WIN BY MARGIN

The fracas at the curling rink on Saturday afternoon or in other words, the game between the band and platoon of the 151st Battalion resulted in a whitewashing for the platoon rink by a score of 13-6. Miller "kipped" for the bandmen and Bowman for the "ordinary" soldiers. Each rink was composed by five men, the band being represented by F. Pawling, W. T. Webb, H. Lewis, E. T. Bowler and E. B. Miller. The platoon aggregation was made up by E. R. Pitman, A. King, G. L. Gregson, R. C. Mills and H. C. Bowman. Pitman and Webb played just for the want of a game and Pitman acquitted himself admirably for a beginner. Miller was the shining light and so that future curlers might know who this man Miller is, it might be said that he is the person who would the "come to me, go from me" on band nights, and he is a dangerous man. It is now said that the band is out to challenge all comers.

Mr. John Velch is still rustling in Edmonton.

OFFICER'S TRAINING CLASS

Arrangements have been completed by the militia department to start an officers' training course for members of the house of commons, who wish to fit themselves for overseas service. So far fifteen members have notified the department they wish to take the course and it is likely as many more will join shortly.

WILL HOLD BIG SALE

As a result of the enlistment of G. J. Golding in the ranks of the 151st Battalion, all his horses, cattle and farm implements will be sold by public auction at the farm 5 miles north east of Edgerton, on Monday next, February 7th. S. R. Bowerman will cry the sale. Included in the sale are a team of good work horses in foal, several goldings, steers, heifers and a good assortment of farm implements.

FRATERNAL LODGE HAS NOW GIVEN TWELVE MEMBERS

Twelve members of the local lodge of the Independent Order of Oddfellows have now joined the forces. The following list will prove of interest: N. E. Cook, (P. G.) 49th Batt.; J. E. Davey, 151st Batt.; G. L. Hudson, (P. G.) 49th Batt.; R. Hunter, 49th Batt.; W. Latend, 151st Batt.; N. H. Jones, (V. G.) 49th Batt.; F. Livingstone, 49th Batt.; Frank Mott, 49th Batt.; E. K. Smith, (N. G.) 151st Batt.; Chas. Walliker, 151st Batt.; H. Ward, 61st Batt.; W. Webb, 151st Batt.

Wind Storm Was Worst Experienced

The severe wind storm on Saturday and Sunday caused damage in various parts of the province. Sunday in Wainwright was one of the worst days ever experienced here. Wind blew with almost hurricane strength throughout the day causing snowdrifts that stood 5 to 6 feet high. Trains were also held up. No. 1 which should have arrived here at 5 p. m., on Sunday not entering Wainwright until one o'clock on Monday afternoon.

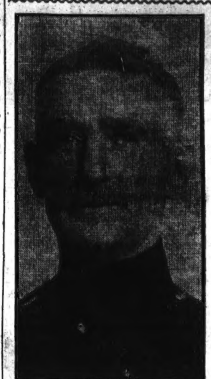

Sir David Beatty Urges Religious Revival To Aid In Defeat Of The Enemy

Vice Admiral Sir. David Beatty, commander of the first British battle cruiser squadron, whose ships defeated the Germans in the North Sea, has

made a stirring appeal for a great religious revival in England as a necessary step to victory in the war. In a letter read at the annual convention

TO VISIT WAINWRIGHT

Lieut-Col. John Wilson Arnot, officer commanding the 151st battalion who is expected to visit Wainwright shortly to inspect recruits stationed here.

ABUNDANT YIELD SHOWN

The principal grain crops of Canada during 1915 showed the most abundant yield in the history of the Dominion, according to an announcement of the census and statistics office here. The increased yield of wheat and oats, it was said, was due to expansion of the acreage by special effort as a result of the European war, as well as an exceptionally favorable season.

The total value of the field crops in 1915 amounted to approximately \$200,000,000, wheat and barley \$100,000,000; oats and hay \$50,000,000; potatoes and sugar beets \$30,000,000; and fodder crops \$192,768,100.

Mr. Wm. Brunker and mother returned on Monday afternoon after several weeks visiting friends in the east.

The Daughters of the Empire are in need of pillows and blankets for the comfortable bedding of soldiers. All local residents wishing to donate such articles, should leave same at The Star office.

Lieut. C. R. Biederman, on behalf of the local platoon and band of the 151st battalion, wishes to thank the Daughters of the Empire for their many acts extended toward the welfare of local soldiers.

FARMER'S UNION OPENS LIST FOR FUND DONATIONS

With a 100 bushels of wheat from the Wood-Wainwright Company as the leading contribution, lists for donations in connection with the Patriotic Fund campaign launched by the U. F. A., are to be seen posted in the banks, the hardware stores and the Wainwright Star office. Either money or grain will be accepted by the U. F. A., patriotic fund committee and members are requested to do their best to make the campaign worthy of the organization and the efforts now being extended. Following the conclusion of the campaign all collections will be turned into headquarters as a donation from the farmers of the Wainwright district.

BOYER DEFEATS MUNN IN CLOSE GAME AT RINK

A large number of interested followers of the boom and stane saw Boyer defeat Munn in one of the closest games of the season held at the curling rink on Monday evening. The score of 10-9 in a thirteen end game offers a good criterion as to the standing of the two rinks. Munn's game was a win of merit, the skip curling an almost perfect game. Munn's representation was made up by Webb, May and Fish, that of Boyer's by Gordon, Stanley and Bothwell.

WAINWRIGHT ALTA., WEDNESDAY, FEB. 2nd, 1916

CALL FOR RECRUITS FROM WAINWRIGHT DISTRICT

BORDERING IN THE NEIGHBORHOOD of two hundred men from the Wainwright district have now answered the Empire's call to arms and today Wainwright and its tributary territory claims for itself the credit of having given to the cause a strength in men the like of which very few districts of Wainwright's population can make reasonable claim. In its patriotic work, this town has made a name for itself and in its contribution of manhood it has more than made a start. Indeed, when this war is over people will surely be able to look Wainwright's way and say—There is a town that did its duty.

But even with such a splendid number of men in the ranks, Wainwright and its district can do better. There still remain many young men who have not heeded the call for the protection of home, and to them no better advice can be extended than that suggesting their early entry into the ranks of the 151st battalion, platoons of which are now being raised and stationed in this town.

The seriousness of the present conflict is unquestioned and men and yet more men will be needed to carry it through to the only conclusion—that of an absolute success for the British arms. No Canadian is exempt from a duty to bring about this end. Each and every one must work toward a successful termination. Responsibility in some form or other, is shouldered upon every individual who today enjoys British freedom and the right of British protection.

"Do Your Duty" is the message the STAR sends out today. If your character is to be estimated by the part you play in this great war let it be one that you may carry unashamed. To-day is the day for the young man to enlist. Today is the day for those not privileged to go to war to reveal their willingness to aid dependents or to work in the many other ways open to Canada's population. Every man is needed now, every effort and every particle of energy is needed now. Now is the time that Great Britain and her allied forces must begin to progress if she is to emerge from the struggle victorious.

FICTITIOUS STORIES AND THE EXPLANATION

THE EXPLANATION of the Hon. W. J. Roche, Minister of the Interior, which had reference to conscription in Canada and which was delivered recently before the Canadian Immigration Agents from the United States assembled in Chicago, should set at rest for a time the fictitious stories that are being circulated across the border in regard to alleged conscription in Canada.

"Canada governs itself, and even if conscription should be resorted to in Great Britain, it would not affect the Dominion. We never will have forced military service. We don't believe in it, and no influence from anyone, even the crown, could turn us," said the minister of the Interior.

Newspaper stories were being circulated freely throughout the western states to the effect that an American "could not live" in Canada owing to the war and that all were being forced to fight in the Empire's battles. Such stories were evidently intended to check the flow of settlers into this country and were circulated in the first place by some imaginative ignorant who had never seen Canada. Either that or by a person or persons who had come to Canada and had failed, through their own incompetency, to make good and were thus "sore" at the country.

The words of the minister, which are given with a frankness, should have the result of "killing" the effects of the untruths that have been sent broadcast to prove a detriment to the settlement of Canada.

A SPLENDID AID TO THE FUND

TO THE PEOPLE OF TORONTO and York country must go the highest praise for their work in connection with the Canadian patriotic fund. Less than two weeks ago, a four day campaign was started to raise \$2,000,000. In less than the time specified, the returns showed a total subscription of \$2,302,828 with some scattered contributions to come in. The largest subscription was that of the employees of the T. Eaton Company, which aggregated \$61,800. The work is indeed commendable.

THE OLD BREED

"**S**HOWING THE OLD BREED" is the title given to a short editorial which appeared in a recent issue of the New York Times which read:

"The Canadians have a right to be proud of themselves. They have shown readiness to enlist, zeal in training, fine vigor and courage in fighting. Voltaire's 'few acres of snows' are a nation full of fire. There are nearly 120,000 Canadian soldiers in Europe. There have been 212,000 enlistments. A hardy, 'fit' set of fellows those Canadian youngsters. The old breed in the new environment has improved."

THE UNKINDEST CUT

New York Sun—Mr. Henry Ford could stand the failure of his peace mission to Europe, but Lord Rosebery will never be forgiven for speaking of Mr. Ford as "a manufacturer of perambulators, I believe."

PREMIER ASQUITH AND HOME PRODUCTS

A Remarkable Speech—Home Products
Plan Makes For National Conservation Resources

One of the strongest plans for the support of home industry was made by Mr. Asquith recently in the House of Commons. During his speech he said: "The intention and object with which these taxes are put forward is of a very different kind, and entirely without prejudice to the general question between free trade and what is called fiscal reform. The object—and a very important object—is, on the one hand, to diminish or discourage the consumption of superfluous or unnecessary commodities of a luxurious kind, but still more—and this to my mind, is the really important point—to discourage unnecessary importation. In the conditions under which we now live everything that comes into this country from abroad which is not absolutely needed for the sustenance or carrying on of the industry of our population, involving, as it does, a corresponding obligation on us to export, tends still further to disturb and depress the exchanges, and therefore to embarrass the conduct of the war and the provision of the financial resources which are absolutely necessary for its successful prosecution."

Canada has carried to a greater extreme than almost any other country the reckless habit of buying more abroad than she sells. It is true that we are remedying our fault in this direction and that our formerly adverse trade balance is being rapidly transformed into a favorable one. Our imports are falling and our exports are rising, but our imports are still too large. Consumers in Canada should take Mr. Asquith's advice and determine to buy goods made in their own country rather than to send abroad huge sums of money which are sorely needed at home.

Those who have criticised the "Made-in-Canada" policy while it has been advocated in Canada, who have said that it would do well to ponder carefully over the remarks of the greatest Prime Minister Great Britain has ever had.

PROTECTION IN GREAT BRITAIN

Articles in many of the leading British papers indicate that after the war the policy of allowing the enemies of Great Britain to sell their goods in the British Isles in open competition with British manufacturers will be discontinued. British workers who have suffered in the trenches will need positions when they return and a sufficient number of positions cannot be obtained for them if German and Austrian goods are permitted to be sold in the British Kingdom, replacing British goods and furnishing employment for German and Austrian instead of British workmen. It is scarcely likely that British Dominions who have supported the allies will be forced to compete in British markets with the former enemies of the Empire. Although it is too early to speculate on the exact form which the new fiscal legislation will take, it is reasonably safe to predict that it will at least provide a system of preferential tariffs among the various parts of the British Empire, concessionary tariffs among the present allies and discriminatory tariffs against their enemies.

OUR SACRED DUTY

Splendid Sentiments Are Expressed by Industrial Leaders

One of Canada's biggest companies, in place of the usual advertisement of their product, has run the following Christmas message in all the periodicals they use:

"To contribute to a Fund for the relief of the unemployed does not discharge or liquidate the duty we owe to the brave men who are sacrificing their lives in the Trenches that we may live and enjoy the Blessings of Liberty and Happiness."

"Better by far that we extend our Consideration in an effort to use our Mills, our Factories, in our Cities and our Homes all over this fair land, the products that Canadian labor produces, so that when the Boys come marching Home they will be welcomed back to a Prosperous and Happy Canada."

"Their sacrifice is worthy of our greatest effort—Our Duty is plain; Canada with Canadian Labor and Capital can produce, manufacture and distribute, products sufficient to keep the Wheels of Industry turning the life of the Nation. The flow of Prosperity and Happiness should ring out all over the land."

"Let us sincerely pledge, to the extent of our needs, to purchase materials produced in Canada by Canadian Workmen, and the result of our efforts will return to us the Blessings of a Prosperous and Happy Nation."
